

Shirley Yoder, *Vice-President*, joined the Bach Festival Board following her tenure as vice president for enrollment and marketing at Eastern Mennonite University. In that capacity she often referred to the festival as one of the bright lights of the university and community. She currently serves on the committee for fundraising and advertising for the festival. Of her life, Shirley states, “I grew up around music and in my earliest years sang and toured with choral groups. I am personally nurtured by the arts of all kinds. Music, in particular, moves me deeply. Joining the Festival Board brought together several of my personal goals for this phase of my life.”
