*Living expenses based on a full 12 month calendar year (most graduate students take classes in the summer term/SPI).

**Rent for a single person varies depending on if they plan to live alone or share an apartment.

***International students are required to have health insurance but are not required to be on the student plan as long as they can show proof of health insurance under another plan. These rates are for the 2010-11 academic year.

Other than tuition and health insurance, the above costs are estimates only. The MA program is 45 credits (and the Graduate Certificate is 15 credits). Normally about 25-30 credits are taken in the first year and 15-20 in the second (so tuition and fees will be higher in the first year of study).
