This report reflects enrollment as of the institution's official census date, which is the end of the tenth day of classes, January 17, 2014. Prepared by the University Registrar's Office, January 22, 2014.

Traditional undergraduates are reported as full-time if registered for 12 or more credits for the semester. Graduate/Seminary students are reported as full-time if registered for 9 or more credits. Some graduate programs assume year-round enrollment and internally define full-time enrollment based on credits registered for the entire year. For a more complete picture of enrollment in graduate programs, contact the respective graduate program offices. Graduate/Seminary students registered for courses in more than one program will be reported under the program they are pursuing.

Degree Completion enrollment will vary significantly from semester to semester due to the timing by which program cohorts begin their classes. Actual enrollment during the semester will vary significantly from totals reported here as cohorts begin and end their classes.
