

PRE-MEDICINE

Pre-Professional Health Sciences Program

Though medical school requirements vary between schools, the following list encompasses most course requirements prior to matriculation. When you are applying to a particular school, make sure you have completed or will complete the school's particular set of required courses prior to graduation. Please note that AP credit may not satisfy many of these requirements.

REQUIRED COURSES

Course Description Organismal Biology Molecular & Cellular Biology Foundational Biochemistry Advanced Human Physiology Laboratory Research	Credits 4 3 4 1-3
General Chemistry I and II Organic Chemistry I and II	8 8
College Physics Lecture and University Physics Lab College Physics II Lecture and University Physics II Lab Calculus Inferential Statistics	4 4 2
General Psychology Cognitive Psychology Sociology of Health Writing Total credits	3 3 3 6 61-63
	Organismal Biology Molecular & Cellular Biology Foundational Biochemistry Advanced Human Physiology Laboratory Research General Chemistry I and II Organic Chemistry I and II College Physics I Lecture and University Physics I Lab College Physics II Lecture and University Physics II Lab College Physics II Lecture and University Physics II Lab Calculus I Inferential Statistics General Psychology Cognitive Psychology Sociology of Health

Though not required, the following courses have been found beneficial while in medical school.

Course #	Course Description	Credits
BIOCH 398	Advanced Cell Biology	3
BIOCH 438	Molecular Genetics	3
BIOL 317	Developmental & Stem Cell Biology	4
BIOL 327	Advanced Microbiology	3
BIOL 337	Immunology	3
BIOL 437	Advanced Human Anatomy	4
BIOL 478	Advanced Neurobiology	3
BIOL 485	Faith, Science & Ethics	2
CHEM 325	Analytical Chemistry	2

BE WELL PREPARED FOR MEDICAL SCHOOL AT EMU WITH:

- MCAT prep course
- Faculty mentoring
- Real-world research
- Mock interview
- Clinical experience/ job shadowing
